Worst Kind Of Love

Shane Filan

Wanna see the whole world when I look in your eyes
Wanna feel your heartbeat 'til it's in-sync with mine
Like a kid who thinks impossibles just a word
But in reality there's somethings that just don't work

Round and round and round in circles
But all we ever find is trouble

Why do we never give up
When we're hurting each other is the worst kind of love
We fight when the going gets tough
But we're fighting for nothing is the worst kind of love

You say that I should put myself into your shoes
But they never fit so tell me what is the use
I don't know why the hell this heaven hurts like it does
All I know is that we have lost the best of us

Round and round and round in circles
But all we ever find is trouble

Why do we never give up
When we're hurting each other is the worst kind of love
We fight when the going gets tough
But we're fighting for nothing is the worst kind of love

Oh baby, it's the worst kind of love
The worst kind of love

Why do we never give up
When we're hurting each other is the worst kind of love
We fight when the going gets tough
Oh, it's the worst kind of love
