

# Wait For Me

Shane Harper

I've written a thousand words I know  
Sorry, I love you and please don't goes  
I've waited so long, I'm sure it shows  
I've written a thousand words I know

I'm wasting away  
A little more everyday  
Wait for me  
Wait for me

When I asked you to stay  
How you're gonna go on your way  
Wait for me  
Wait for me  
Wait for me

I've sold a million lies you spoke  
Over and over till we broke  
I know that it means everything  
To you but do you really think  
This time apart will mend and help us grow?  
I've told a million lies I know...

I'm wasting away  
A little more everyday  
Wait for me  
Wait for me

When I asked you to stay  
How you're gonna go on your way  
Wait for me  
Wait for me  
Wait for me

Oh whoa...

I'm wasting away  
A little more everyday  
Wait for me

We're wasting away  
A little more everyday  
Wait for me  
Wait for me

When I asked you to stay  
How you're gonna go on your way  
Wait for me  
Wait for me  
Wait for me

My love  
Don't tell me that it's over  
My love  
Can't take it anymore  
My love  
Is staring at the future

My love  
Is staring at the door  
Don't wait for me
