

# Boy Stop Playin'

Shanell

Doesn't mean that much  
That your rather lose us  
Am I asking for too much  
When I say I need your trust  
Baby can't you see  
What were doing isn't healthy  
If we suppose to be what we need  
Don't let your pride get in between

Why can't you just let it go  
Oh baby that's all I'm asking  
I see where we can go  
Baby lets try  
Why don't you  
Show me I need more  
And whatever got us here fighting  
Lets not make it so  
So much harder than it has to be

Aye I put my heart up on the line  
Boy stop playin'  
All I wanna do is love you  
Lets not waste each other's time  
Act like you know your way  
No one else can get it

So is it really bad enough  
To give it up  
Only to turn around and be hurt  
You know there's no way that I rather be  
Then right here with you next to me  
I know you know me better then that  
Why doubt us

Why can't you just let it go  
That's all I'm asking  
I see where we can go  
Baby lets try  
Why don't you  
Show me I need more  
And whatever got us here fighting  
Lets not make it so  
So much harder than it has to be

Aye I put my heart up on the line  
Boy stop playin'  
All I wanna do is love you  
Lets not waste each other's time  
Act like you know your way  
No one else can get it
