

Dedicated

Shanell

This song's dedicated to the nigga that I'm fucking with
This song's dedicated to the nigga that I'm fucking with
I just wanna let you know that this one is for you
I just wanna let you know that this one is for you
This song's dedicated to the nigga that I'm fucking with
This song's dedicated to the nigga that I'm fucking with
I just wanna let you know that this one is for you
I just wanna let you know that this one is for you

You got my old thing, hating on my new thing
Now because we do things, tripping 'cause I have more fun with you
It's ok, I promise that it's ok
I ain't with that, no way, that was old so I guess that'll make you the new
'Cause you got me, you got me so don't worry, don't worry
I leave the past behind me, that makes you my future, babe
Can't picture me without you, that's why I'm fucking with you
'Cause baby, you're the real thing

This song's dedicated to the nigga that I'm fucking with
This song's dedicated to the nigga that I'm fucking with
I just wanna let you know that this one is for you
I just wanna let you know that this one is for you
This song's dedicated to the nigga that I'm fucking with
This song's dedicated to the nigga that I'm fucking with
I just wanna let you know that this one is for you
I just wanna let you know that this one is for you

He was lashing with you right now, you name brand and he's not gold
He's short term and you're long term so we can let it burn 'cause I'm long g
one
He will miss me while you kiss me anywhere that you want
You're my baby, that's why maybe he can't take that I'm yours now
And I just thought that I needed to let you know that
There ain't no way that I'll ever turn around and go back
Now you know it and I know it, I'll do what I gotta to show it
I've been kinda torn up since my last breakup
But ever since I met I've been feeling better
Everything's been different and nothing has been the same since you told me
your name

This song's dedicated to the nigga that I'm fucking with
This song's dedicated to the nigga that I'm fucking with
I just wanna let you know that this one is for you
I just wanna let you know that this one is for you
This song's dedicated to the nigga that I'm fucking with
This song's dedicated to the nigga that I'm fucking with
I just wanna let you know that this one is for you
I just wanna let you know that this one is for you

I dedicate this to you because I fucks with you
And I can't wait till you hear this banging in the club
'Cause baby, I never, ever, ever had nothing better
Not that I can remember, not before you, yeah
The day we, we got together all I could think about was you, oh, no

This song's dedicated to the nigga that I'm fucking with

I just wanna let you know that this one is for you
