

# Just For The Night

Shanell

He's in love, I'm his doctor  
Cause she left him all alone  
I wore a dress, that he bought her  
Makes him feel he's right at home  
He calls her name, and I'll answer  
It'll be like she was here  
As he stares at her picture  
He wants me to take him there

And make it feel like we're in love  
Make it feel like we're in love  
Make it feel like we're in love  
Make it feel like we're in love

Ju-just for the night  
Ju-ju-ju-just for the night  
Ju-just for the night  
Ju-ju-ju-just for the night

Make it feel like we're in love  
Make it feel like we're in love  
Make it feel like we're in love  
Just make it feel like we're in love  
Ju-just for the night

I'm in love, need a doctor  
Cause you left me all alone  
Say the things that I told ya  
He would say to turn me on  
When I call his name, baby answer  
Make a game, we're playing fair  
As I stare at his picture  
Baby can you take me there

And make it feel like we're in love  
Make it feel like we're in love  
Make it feel like we're in love  
Make it feel like we're in love

Ju-just for the night  
Ju-ju-ju-just for the night  
Ju-just for the night  
Ju-ju-ju-just for the night

Make it feel like we're in love  
Make it feel like we're in love  
Make it feel like we're in love  
Make it feel like we're in love  
Make it feel like we're in love

Ju-just for the night  
Make it feel like we're in love  
Ju-just for the night  
Make it feel like we're in love  
Ju-just for the night  
Make it feel like we're in love  
Ju-just for the night
