I'm Alright

Shania Twain

You let me go
You had to have her
You told me slow
I died faster
Than I could know
Love would ever
Kill

You said "Take care,
Don't be sad, girl"
That's not fair
It's a mad world
But I'm not mad
Am I to down that pill?

I'm alive
I think I'm gonna be okay
I'm alright
Tonight
I'm alive
I think I'm gonna be okay
I'm alright
For now

I broke down
All you did was stand there
Without a sound
It came from nowhere
The truth so loud
Oh my heart stood
Still

I was not your dream
The one you wanted
I tried to scream
But silence haunted
Me in my sleep
Oh and follow me, always
Will

I'm alive
I think I'm gonna be okay
I'm alright
Tonight
I'm alive
I think I'm gonna be okay
I'm alright
For now

No one
Comes on
Done the way I do
When it comes to you
And who knows
How close
I was to the end
But I got back up again

```
Oh I'm still breathing

I'm alright
Oh I'm gonna be okay
I'm alright
Tonight

I'm alive
I think I'm gonna be okay
I'm alright
Tonight
I'm alive
I think I'm gonna be okay
I'm alright
For now

I'm alright
Oh I'm gonna be okay
I'm alright
Tonight
```
