

Swingin' with My Eyes Closed

Shania Twain

So summer's here
Bring it on
Another year, one more beer
Another song

Comes on the radio
So loud and clear
You whisper come
In my ear

I follow like a season
Not afraid of what I'm feeling
Oh

I'm swingin' with my eyes closed
Got my hair down, a wide open road
I'm swingin' with my eyes closed
Only God knows how far it goes

Fist up in the air
Throw like we don't care
Swingin'

Life's short
Not so long
Nothing's sure in this world
'Till we're gone

Fear disappears
Each time I close my eyes
I kiss you once
(Kiss, kiss)
I kiss you twice

It's in the air we're breathing
Can you taste the freedom?
Oh, oh

I'm swingin' with my eyes closed
Got my hair down, a wide open road
I'm swingin' with my eyes closed
Only God knows how far it goes

Fist up in the air
Throw like we don't care
Swingin'

I'm swingin' with my eyes closed
Only God knows how far it goes

Fist up in the air
Throw like we don't care
Swingin'
