## You Lay a Whole Lot of Love on Me

## Shania Twain

I can feel your body tugging gently on my mind Stirring up a feeling I thought I'd never find Ever since I met you, babe, I've been living in a dream You lay a whole lot of love on me A whole lot of love on me

I get warm all over when you get close to me Then I start to tremble from my head down to my feet I become your piece of clay to do with what you please You lay a whole lot of love on me A whole lot of love on me

You lay a whole lot of love on me A love I thought could never be Let the whole world fall apart, You're all I'll ever need You lay a whole lot of love on me A whole lot of love on me

You lay a whole lot of love on me A whole lot of love on me
