

# No 1/2 Steppin'

Shanice

All the boys  
Want to know my name  
When I don't tell them  
They get upset  
Breakin' hearts  
Ain't my claim to fame  
And if I had a dime for all they tried  
I'd be a millionaire yet  
When I'm out  
Hangin' with my friends  
People say we think we're cute  
When we're together  
Yeah, we play to win  
And if you're gonna stare  
What do we care  
So what's it mean to you

No half steppin'  
Ya gotta do it right  
In the middle of the day-o  
Or in the middle of the night

No half steppin'  
Show just what you got  
And don't give up for nothin'  
If you think you're hot

I'm not about  
Playing games  
I got too much that  
I wanna do  
Don't have the time  
To sit down and explain  
And if you're gonna try and figure out  
Here's what I say to you

When I sing  
I do my best  
To let you know  
What I feel  
When on the stage  
I'm put to the test  
Ya better believe  
After you leave  
You're gonna know the deal

[Repeat Chorus]
