

# Wanna Hear You Say

Shanice

Oh yeah, yeah, yeah, yeah

Last night we made love, you called my name  
And the next morning things weren't the same  
Even though you stole my pride, I just can't understand why?  
My heart and my mind and my soul still loves you

And I wanna hear you say that you love me  
I wanna hear you say you care for me  
I wanna hear you say that you'll be there for me  
That's the way it's supposed to be

And deep inside I know I can't let go  
But there's one thing I got to know  
Will you be there for me?  
Like the way it's supposed to be

Correct me if I'm wrong, but this don't feel right  
How could you break my heart and leave this good woman?  
See I can't stand the pain after all the love I gave  
You took it, smiled and walked away oh baby

Three days passed and there were no phone calls  
I was starting to get this feeling you weren't feeling me at all  
The time we spent, boy it don't make sense  
That I've fallen in love again, and I don't quite understand, why?

I wanna hear you say that you love me  
I wanna hear you say you care for me  
I wanna hear you say that you'll be there for me  
That's the way it's supposed to be

And deep inside I know I can't let go  
But there's one thing I got to know  
Will you be there for me?  
Like the way it's supposed to be

I just don't know why you won't  
Say you love me  
Why you don't?  
Care 'n' love, not enough for me

I wanna hear you say that you love me  
I wanna hear you say you care for me  
I wanna hear you say that you'll be there for me  
That's the way it's supposed to be

And deep inside I know I can't let go  
But there's one thing I got to know  
Will you be there for me?  
Like the way it's supposed to be

I wanna hear you say that you love me  
I wanna hear you say you care for me  
I wanna hear you say that you'll be there for me  
That's the way it's supposed to be

And deep inside I know I can't let go  
But there's one thing I got to know  
Will you be there for me?  
Like the way it's supposed to be

I wanna hear you say that you love me  
I wanna hear you say you care for me  
I wanna hear you say that you'll be there for me  
That's the way it's supposed to be

And deep inside I know I can't let go  
But there's one thing I got to know  
Will you be there for me?  
Like the way it's supposed to be
