

# In Pieces

Shannon Noll

Your in my air  
Every breathe that i take i cant escape  
Ohhh everywhere i go  
I feel your stare like your there  
Cant u see im scattered  
like memories from the past  
Shattered like a bullet through glass

Im in pieces  
On what might've been  
Every night i spend asleep less  
Smokin' cigarettes till 3am  
In an empty bed and i cant get you out of my head

You burnt your name  
Into my heart where its scared  
I cant erase u form me  
You soul and mine intertwined  
You cut the line  
And im drifting  
Holdin to the past  
Memories like a bullet through glass

Im in pieces  
On what might've been  
Every night i spend asleep less  
Smokin' cigarettes till 3am  
In an empty bed and i cant get you out of my head

Oh i cant get u out my head  
Outta my head  
Outta my life  
Outta my dream  
Broken emotion u left me in pieces

Scattered like memories from the past  
Shattered like a bullet through glass

Im in pieces  
Ohhhh we might've been  
Every night i spend asleep less  
Smokin' cigarettes till 3am  
In an empty bed and i cant get you out of my head

No i cant get you outta my head

Outta my head
