

Fall, Rise, Laugh, Fall

Shaolin Death Squad

I can be your guide to whatever your heart desires.
I can be your guide to anything logical.

You've made your last mistake, while your body fell across the grate.
The feeling was nice, that everything you said was right.
No one questioned your lies.

I was almost there.....
.....I'm far away.

I can be your guide to anything logical.

FALL, RISE, LAUGH...FALL!

LIE!

I was almost there.

You've made your last mistake, while your body fell across the grate.
The feeling was nice; that everything you said was right.
No one questioned your lies.

I can be your guide to anything logical.
I can be your guide to whatever your heart desires.
