Sharissa

Yea (ugh)  
Sharissa (ugh)  
Yellow City  
Yo' Game... kick game

I need a gangsta bitch like Apache  
Wife beater, Von Dutch khakis  
Not a hood rat she  
Know when we out I'm behind that vest  
Cause I'm the man behind the Roc like Kanye West  
I'm a gangsta ma', I'll light ya wrist up  
Red and blue diamonds on that blood and crip stuff  
Pump on my lap I'll light this bitch up  
Low riding through NY with Sharissa  
TILITIN'!

I'm still hot like fire  
Still down like four flat tires  
Even hit a high note like Mariah  
And make it pop like grease on the fire

I'm heat, I'm hot, this beat gon' drop  
Everybody burnin' up when it bump in the club  
I really don't care if you a chick or a thug  
You still gotta bounce to this

I'm heat, I'm hot, this beat gon' drop  
Everybody burnin' up when it bump in the club  
I really don't care if you a chick or a thug  
You still gonna bounce to this

Hair and my nails done, oh yes  
Walk in the club, looking so fresh  
Cartier frames, did you notice?  
I wonder how my ice stay frozen

Hands in the air  
Drinks everywhere  
We don't care  
Who you wit', dance, who you wit'

Hands in the air  
Drinks everywhere  
We don't care  
Who you wit', just bounce to this

I'm heat, I'm hot, this beat gon' drop  
Everybody burnin' up when it bump in the club  
I really don't care if you a chick or a thug  
You still gotta bounce to this

I'm heat, I'm hot, this beat gon' drop  
Everybody burnin' up when it bump in the club  
I really don't care if you a chick or a thug  
You still gonna rock to this

Eighteen, the truth hurts so I got to have you

And you shake that ass like you the daughter of Matthew  
So let me be Hov for a minute  
Get up in your hole for a minute  
You can be my ho for a minute  
Like I'm Diddy, be J. Lo for a minute  
From the windows to the wall, get low while I'm in it  
All I gotta do is hit 'em with a Jay-Z line  
Like, "You deserve to be my sunshine."

I'm heat, I'm hot, this beat gon' drop  
Everybody burnin' up when it bump in the club  
I really don't care if you a chick or a thug  
You still gotta bounce to this

I'm heat, I'm hot, this beat gon' drop  
Everybody burnin' up when it bump in the club  
I really don't care if you a chick or a thug  
You still gonna rock to this

I'm still hot like fire  
(Oh yes...so fresh)  
I'm still hot like fire  
(Oh yes...so fresh)  
I'm still hot like fire  
(Oh yes...so fresh)
