

# Dead Girls Never Say No

Sharon Needles

Verse 1:

I'm six feet underground now  
And I'm six feet tall  
Extend your shovel down now  
Down to my acrylic claws

Pre-Chorus:

Dig me up and dig me out  
Come down on in and take me out

Chorus:

With the scent of a girl who has been embalmed  
It was me and the maggots till you came along  
When you're already dead love can never die  
I'll be your Rosemary's Baby tonight  
Dead girls, dead girls  
Dead girls, dead girls never say no  
Dead girls, dead girls  
Dead girls, dead girls never say no

Verse 2:

Dress me up from head to toe tag  
Your taboo fantasy  
Treat me good before I go bad  
We're making hearse-tery

Pre-Chorus:

Dig me up and dig me out  
Come down on in and take me out

Chorus:

With the scent of a girl who has been embalmed  
It was me and the maggots till you came along  
When you're already dead love can never die  
I'll be your Rosemary's Baby tonight  
Dead girls, dead girls  
Dead girls, dead girls never say no  
Dead girls, dead girls  
Dead girls, dead girls never say no

Bridge:

I'll fall for you I'll fall apart  
I could be your Tanzler bride  
I'll fall for you I'll fall apart  
And you could be my Vincent Price

Chorus:

With the scent of a girl who has been embalmed  
It was me and the maggots till you came along  
When you're already dead love can never die  
I'll be your Rosemary's Baby tonight  
Dead girls, dead girls  
Dead girls, dead girls never say no  
Dead girls, dead girls  
Dead girls, dead girls never say no
