

Don't Do It

Sharon Van Etten

Said you need to do it 'cause you can't feel it tonight
Well you can if you want to
Want to take you outside, want to show you the sky
To remind you why you shouldn't.
Do your worst if you can, do your worst if you can do it.
You can if you want. You can take it -- yeah, you want to run.
Said you wanted to then kissed the gun.
You can if you want to do it.
And you want to do it, and you want to do it
If you want to do it, you are going to do it,
even if I don't want you to.
Say it outright that you don't want to see me tonight
and you won't if you don't want to
Hide it from me if you must hide it from me
if you don't trust anything I say right to you
And you want to do it, if you want to do it
You will if you want to
And you want to do it, if you want to do it,
You will if you want to.
And you want to do it, and you want to do it,
if you want to do it, you are going to do it,
even if I don't want you to.
I was inside painting your name on the window
I was somewhere in sight.
And I wanted to find out why you're hiding
I was tired of the fight.
Look me in the eyes say you can't do it,
look me in the eyes say you can't do it,
but you will if you want to.
Look me in the eyes say you can't do it,
look me in the eyes say you can't do it,
but you will if you want to.
And you want to do it, and you want to do it,
If you want to do it, you are going to do it,
even if I don't want you to.

Shake it down. So much better.
Tell me that you don't know what you do.

And you want to do it, if you want to do it
You will if you want to.
And you want to do it, if you want to do it
You will if you want to.
And you want to do it, if you want to do it
You will if you want to.

I wish I could make you right.
