

## Love More

Sharon Van Etten

Chained to the wall of our room  
Yeah you chained me like a dog in our  
Iiiii thought that's how it was  
I thought that we were fine  
Then the day was night  
You were high, you were high  
While I was doomed  
And dyin' for  
With no life,  
With no light.

Tied to my bed,  
I was younger then, I had nothing to spend  
Time on you  
But it made me love,  
It made me love,  
It made me love more... [bis]

Do what you said, the words she said - "left out"  
Over into the sky where I'll soon fly  
And she took the time  
To believe in, to believe in  
What she said...

She made me love,  
She made me love,  
She made me looove more... [bis]
