

Never Saw Blue Like That

Shawn Colvin

Today I took a walk up the street
And picked a flower and climbed the hill
Above the lake

And secret thoughts were said aloud
We watched the faces in the clouds
Until the clouds had blown away

And were we ever somewhere else
You know it's hard to say

And I never saw blue like that before
Across the sky
Around the world
You've given me all you have and more
And no one else has ever shown me how
To see the world the way I see it now
Oh, I, I never saw blue like that

I can't believe a month ago
I was alone, I didn't know you
I hadn't seen or heard you're name
And even now, I'm so amazed
It's like a dream, It's like a rainbow, it's like the rain

And somethings are the way they are
And words just can't explain

Cause I never saw blue like that before
Across the sky
Around the world
You've given me all you have and more
And no one else has ever shown me how
To see the world the way I see it now
Oh, I, I never saw blue like that before

And it feels like now,
And it feels always,
And it feels like coming home

I never saw blue like that before
Across the sky
Around the world
You've given me all you have and more
And no one else has ever shown me how
To see the world the way I see it now
Oh, I, I never saw blue like that before

Oh, I, I never saw blue like that
