

Bad Girls

Shawn Hook

I know you're tired
And I've been trying to stay away
But I can't deny
All the presence you give to me
I was driving in my car down the turn 45
When you hit my phone, looking good to go
I saw you showed up at your room, you knew exactly what to do
Yeah, you blow my mind, every single time

Why do I love bad, bad, bad girls?
Why do I love, why do I love (bad girls)?
Why do I love bad, bad, bad girls?
Why do I love, why do I love bad girls?
Why do I love bad, bad, bad girls?
Why do I love, why do I love bad girls?

You're not my type
But baby, it's what I need
Your heart is alive
But your body's a masterpiece
Now I'm driving in my car, down the turn 45
When you hit my phone, looking good to go
So I show up at your door, I know exactly what's in store
No questions asked, no strings attached

Why do I love bad, bad, bad girls?
Why do I love, why do I love (bad girls)?
Why do I love bad, bad, bad girls?
Why do I love, why do I love bad girls?
Why do I love bad, bad, bad girls?
Why do I love, why do I love bad girls?

You keep me coming back for the high
I keep on coming back every night
Your poison makes me feel alive (every time)

Why do I love bad, bad, bad girls?
Why do I love, why do I love bad girls?
Why do I love bad, bad, bad girls?
Why do I love, why do I love bad girls?
Why do I love (bad girls?)
Why do I love, why do I love bad girls?
Why do I love bad, bad girls?
Why do I love, why do I love bad girls?
Why do I love, bad, bad, bad girls?
Why do I love, why do I love bad girls?
Why do I love bad, bad, bad girls?
Why do I love, why do I love bad girls?
