

# Every Red Light

Shawn Hook

I'm driving  
It's raining  
I'm waiting  
The stop light is shinning on the water  
In the gutter on the street  
And the traffic is so thick  
I'm so sick  
Of driving for a second then stopping  
I could be walking faster than this  
The signs say I'm not too far  
From the place where it all fell apart

I hit every red light  
On my way to your place tonight  
I was stuck behind the slowest car  
All I want to be is where you are  
I hit every red light

I can taste you  
As I race to you  
To kiss you  
I hate how it ended before I left  
There was something I wanted to say  
But I'm afraid  
I'll be too late  
I should have stayed  
Chances are you've already locked the door  
Turned in your keys  
Well this is not the way that I wanted to leave it  
Only this would happen to me now  
Why now?

I hit every red light  
On my way to your place tonight  
I was stuck behind the slowest car  
All I want to be is where you are  
I hit every red light

Caught up in the stop and go  
There's only one thing I know  
While I'm stranded here inside my car  
All I want to be is where you are

Well you're not answering my phone  
I guess I should have known you'd be long gone my now  
I was half way out of town when I realized  
I can't leave without putting up a fight

I'm driving  
It's raining  
I'm waiting  
I hit every red light  
On my way to your place tonight  
I was stuck behind the slowest car  
All I want to be is where you are  
Caught up in the stop and go  
There's only one thing I know

While I'm stranded here inside my car  
All I want to be is where you are  
It's where I want to be  
It's where I want to be  
I hit every red light  
I hit every red light  
I hit every red light  
I hit every red light
