

# I Am Nothing

Shawn McDonald

I am nothing without You  
Only a fly upon the wall  
Listening in, hoping to find something about You  
That will keep me from this fall

And sometimes I catch a glimpse  
And my heart begins to beat  
Day by day awaken me  
You put the wind beneath my feet

I don't follow water  
That brings life to me  
'Cause I don't follow truth, oh  
That sets man free

I am nothing without You  
Only the dirt beneath Your nails  
My heart is bruised and it's broken  
And my soul is very frail

Please give me a reason  
I need to name this man  
And no longer this broken treason  
Only on You I will stand

I don't follow water  
That brings life to me  
'Cause I don't follow truth, oh  
That sets man free

I don't follow water  
That brings life to me  
'Cause I don't follow truth, oh  
That sets man free

Please mend these broken wings  
And take the scales from my eyes  
Without You I am nothing  
I will not survive

And please mend these broken wings  
And take the scales from my eyes  
Without You I am nothing  
I will not survive

I don't follow water  
That brings life to me  
'Cause I don't follow truth, oh  
Sets man free

'Cause I don't follow water  
That brings life to me  
'Cause I don't follow truth  
That sets man free
