

## Pursue

Shawn McDonald

I'm on a hunt and the hunt is after You  
For You are the love that keeps me in pursuit  
I'm tracking Your steps, and I'm following Your ways  
All through the night and into the day

I will not shake, I will not break  
Til I get to You  
I'm hot on Your trail  
I know very well what I got to do  
Oh, You feed my soul  
Oh, You feed my soul

My hunger has grown from the distance of You  
Satisfaction is knowing that You are my pursuit  
I will not stop even though I might tire  
For You are the drive that is like a raging fire  
Fire burns bright  
Fill my heart tonight  
Well the passions burning within my soul  
And I can not let this go

I will not shake, I will not break  
Til I get to You  
I'm hot on Your trail  
I know very well what I got to do  
Oh, You feed my soul  
Oh, You feed my soul
