

Never Be Alone

Shawn Mendes

I promise that one day I'll be around
I'll keep you safe
I'll keep you sound

Right now its pretty crazy
And I don't know how to stop or slow it down

And hey
I know there are some things we need to talk about

And I can't stay
So let me hold you for a little longer now, yeah

And take a piece of my heart
And make it all your own
So when we are apart
You'll never be alone (2x)

You'll never be alone
When you miss me close your eyes
I may be far but never gone

When you fall sleep tonight just remember that we lay under the
same stars

And hey
I know there are some things we need to talk about

And I can't stay
Just let me hold you for a little longer now

And take a piece of my heart
And make it all your own
So when we are apart
You'll never be alone (2x)

And take a piece of my heart
And make it all your own
So when we are apart
You'll never be alone
Never be alone.
