

# Never Be Alone

Shawn Mendes

I promise that one day I'll be around  
I'll keep you safe  
I'll keep you sound

Right now its pretty crazy  
And I don't know how to stop or slow it down

And hey  
I know there are some things we need to talk about

And I can't stay  
So let me hold you for a little longer now, yeah

And take a piece of my heart  
And make it all your own  
So when we are apart  
You'll never be alone (2x)

You'll never be alone  
When you miss me close your eyes  
I may be far but never gone

When you fall sleep tonight just remember that we lay under the  
same stars

And hey  
I know there are some things we need to talk about

And I can't stay  
Just let me hold you for a little longer now

And take a piece of my heart  
And make it all your own  
So when we are apart  
You'll never be alone (2x)

And take a piece of my heart  
And make it all your own  
So when we are apart  
You'll never be alone  
Never be alone.
