All the strings attached girl  
All the strings attached girl, oh yeah

Met this girl when I was three years old  
We were holding hands tight so I'm told  
And it felt like an eternity  
Said it felt like an eternity  
'Cause I knew back then we were more than friends  
Two sided story it all depends  
And I'll said it once, and I'll say it again  
It'll only end up hurting me

Years flew by I was less than twelve  
Long division I need your help  
Can you come on over and work with me  
Anytime you like I'll make it work for me  
'Cause I knew back when if we get too close  
When the time is right maybe I'll propose  
Baby climb on up, show me the ropes

Darling I want all the strings attached  
I love it when you look at me like that  
And you're the only girl that brings me back  
'Cause baby I want all the strings attached  
It's like always and forever  
I won't let a moment pass  
And when I'm with you I feel better  
I want all the strings, all the strings attached

All the strings attached girl  
All the strings attached girl, mmm yeah

So come on girl let me hold your hand  
Let's go get lost, live without a plan  
And I know you've got the world to see  
But you know you mean the world to me  
And I know right now you got second thoughts  
Do whatever it takes, pay whatever the cost yeah

You know me, not the type of guy  
To stick around, to do the time  
But you must have me hypnotized  
I'm d-d-d-down to be by your side  
Every night

Darling I want all the strings attached  
I love it when you look at me like that  
And you're the only girl that brings me back  
'Cause baby I want all the strings attached  
It's like always and forever  
I won't let a moment pass  
And when I'm with you I feel better  
I want all the strings

And baby when you fall down, I fall too  
And if you get lost, then I'll get lost with you  
And when the waves crash down

Then baby I won't move  
'Cause I need

All the strings attached  
I love it when you look at me like that  
And you're the only girl that brings me back  
'Cause baby I want all the strings attached  
It's like always and forever  
I won't let a moment pass  
And when I'm with you I feel better  
I want all the strings  
All the strings attached  
I want all the strings  
All the strings attached

All the strings attached girl  
All the strings attached girl  
Oh yeah
