

# If That's OK with You

Shayne Ward

I love the way that you look without your make-up  
I had a girl before we met But we broke up  
Theres something about you that makes me want to step up  
Step up and be with you  
If thats okay with you  
We'll keep the neighbours awake too late too late  
Coz imma make you feel so good how i see its happening  
We'll keep the neighbours awake too late too late  
Coz baby i wanna step up and be with you  
If thats okay with you

I'm gonna make you feel like you are heaven on earth  
I'm gonna saint your mother just for giving you birth  
I'm gonna wanna hold you in my arms when you cry  
If thats okay with you  
If thats okay with you

I wanna keep your toothbrush at my apartment  
Make a second set of keys and ask you to move in  
Im not crazy  
I know what im getting myself in  
I wanna live with you  
If thats okay with you

I'm gonna make you feel like you are heaven on earth  
I'm gonna saint your mother just for giving you birth  
I'm gonna wanna hold you in my arms when you cry  
If thats okay with you  
If tahts okay with you  
If thats okay with you  
If thats okay with you  
Yeah, yeah

We'll keep the neighbours awake too late too late  
I wanna love you this way that way this way  
We'll keep the neighbours away too late too late  
I wanna love you this way that way this way

I'm gonna make you feel like you are heaven on earth  
I'm gonna saint your mother just for giving you birth  
I'm gonna wanna hold you in my arms when you cry  
If thats okay with you  
If tahts okay with you  
If thats okay with you  
If thats okay with you

I'm gonna make you feel like you are heaven on earth  
I'm gonna saint your mother just for giving you birth  
I'm gonna wanna hold you in my arms when you cry  
If thats okay with you  
If tahts okay with you  
If thats okay with you  
If thats okay with you
