

# Enchantment Of The Prairie

Sheb Wooley

Hear the hoofbeats poundin' on the cattle trail  
Hear the hooowhaaa of a cowboy's wail  
Hear the creaky creakin' of the saddle gear  
Hear the husky beller of an angry steer

(Enchantment of the prairie where the wind blows free  
Enchantment of the prairie and it's callin' me)

Hear the cowboys yellin' till their lungs would burst  
Gotta reach that river fore they die of thirst  
See the dust clouds risin' from the cattle's feet  
Hear the cowboys cussin' damn that Texas heat

(Enchantment of the prairie where the wind blows free  
Enchantment of the prairie and it's callin' me)

See the horses lather neath the burnin' sun  
Hear the cowboys holler when the day is done  
Smell that beefsteak fryin' just beyond the hill  
See then cowboys comin' just to get their fill

(Enchantment of the prairie where the wind blows free  
Enchantment of the prairie and it's callin' me)

See the golden sunset in the far off hills  
Hear the night birds callin' to the whippoorwills  
See the stars keep winkin' at that prairie moon  
Hear the cowboys hummin' to a lonesome tune

(Enchantment of the prairie where the wind blows free  
Enchantment of the prairie and it's callin' me)
