

# Google Eye

Sheb Wooley

Jump in me old jeep wagon bump it to the banks of the river  
Dig me a worm and a cricket squirm and a wade out into the water  
r

Oh oh goodbye google eye eat him up a google eye  
Eat him up a google eye google google eye goodbye google eye

Bait me a hook in the morning throw him out into the water  
Make him swim with a dorsal fin and come home to me lover

Oh oh goodbye google eye...

Google eye swim by me hipboot look up at me from the water  
Google eye chomp and me fall on me romp but me get him up out of the water

Ha ha goodbye yeah google eye...

Google eye fry in the sizzle sweet smoke lay on the water  
Take ol' google eye's scales and tails and take 'em home to my lover

Oh oh goodbye google eye...
