Would you give blood if you had any would you say i'm good or are there far too many fish in the sea won't you please say that again shame on you there's something in my head and it's got it's back to me

one day i'll make you sing my praises but at the moment i'm far too lazy to get down on your knees i'm begging please say that again i'll carry on for as long as i have to come round to my house and i'll show you how to get down on your knees i'm begging please say that again

shame on you
there's something in my head
and it's got it's back to me

would you walk near me
if you knew how to
could i ever see you and
do you know how to
get down on your knees
i'm begging please say that again
shame on you
there's something in my legs
and they never walk to me

would you give blood if you had any
would you say i'm good or are there far too many
fish in the sea
won't you please say that again

shame on you there's something in my head and it's got it's back to me shame on you there's something in my legs and they never walk to me

shame on you there's something in my mouth and it never talks to me shame on you there's something in my head and it's got it's back to me
