

I wish you lived on the corner where I live
So I could look at you all the day long
Lickety lip got me flippin' my lid, yeah
Nibblin' my thumb 'cause I want me some
Oooo, Oooo, Oooo just a little bit a
Oooo, Oooo, Oooo
Am I makin' you uncomfortable?

And if you lived on the corner where I lived
I'd hang around like an apple in a tree
Borrow some bread, stick of butter, cup of milk
And some sugar for me
I'm cookin' something sweet
Oooo, Oooo, Oooo just a little bit a
Oooo, Oooo, Oooo

Lookin' once, lookin' twice
Better get me a bucket of ice
Go on do whatever you do
I'll just sit here enjoyin' the view
Whistlin' Dixie
360 degrees of you - Oooo, Oooo

I picture me twisted up in your t-shirt
Pink lemondade and a squeaky porch swing
Don't know your name yet, I guess it
wouldn't hurt
If you gave me a ring - a big diamond ring
Oooo, Oooo, Oooo well a girl can dream
Oooo, Oooo, Oooo

Lookin' once lookin' twice
Your a splash of Tabasco on hot apple pie
Baby girls like it too
Like to sit around enjoying the view
Whistlin' Dixie, 360
Whistlin' Dixie, 360 degrees of you, Oooo, Oooo

Just a little bit of you, Oooo, Oooo
Gotsa, gotsa have you, Oooo, Oooo
Just a little bit of you, Oooo, Oooo
Oh, I'm gonna have you
