SHeDAISY

Sing a Christmas Carol (Christmas children live in a Christmas  
daydream)  
Sing a Christmas Carol (Christmas children hunger for Christmas  
morning)  
Sing a Christmas Carol

Christmas children peep into Christmas windows  
See a world as pretty as a dream  
Christmas trees and toys  
Christmas hopes and joys  
Christmas puddings rich with Christmas cream

Christmas presents shine in the Christmas windows  
Christmas presents tied with pretty bows  
Wonderin' what's inside, what delights may hide  
But till' Christmas morning no one knows  
Little boy: Won't it be exciting if it snows

I suppose (I suppose) that children everywhere (everywhere)  
Will say a Christmas prayer  
Till Santa brings, their Christmas things

Christmas children live in a Christmas daydream  
Waiting for the magic to unfold  
Wondrous things to eat, every Christmas treat  
Which are not the Christmas pot of gold  
Hypnotizes children young and old

I suppose (I suppose) that children everywhere (everywhere)  
Will say a Christmas prayer  
Till Santa brings, their Christmas things

Christmas children hunger for Christmas morning  
Christmas days are wonders to behold  
Young ones dreams come true  
Not so young ones too  
We believe that story we've been told  
Christmas is for children young and old
