

## I will... but

SHeDAISY

I won't be bored  
I won't be ignored  
Hey!

I won't be your dirty secret  
I won't be your cure-all pill  
And I won't run to fetch the water  
Just to tumble down the hill

I won't be your Friday paycheck  
I won't be the prize you flaunt  
And I won't be your Martha Stewart, baby  
Or your all-night restaurant

But I will, I will, I will be your everything  
If you make me feel like a woman should  
I will, I will, I will be the whole shebang  
You know I will...but

I won't be your crutch to lean on  
I won't wear stiletto heels  
I won't walk a mile in your shoes  
Just so I know how it feels

I won't be your obligation  
I won't be your Barbie doll  
I won't be the portrait of perfection  
To adorn your wall

Hey - you know, you know I will  
All right

I won't be your lifetime girlfriend  
I won't be just one of the guys  
I won't be your mama's favorite  
I refuse to be the last in line

Yeah, I will, I will, I will be your everything  
I will, I will be the whole shebang  
I will, I will be your everything  
I will, I will, I will, I will - yeah

You know I will  
You know, you know I will  
You know I will  
You know, you know I will - yeah
