Kickin' In

You and I we started out I thought that we were cool You took the time, you read my mind There's nothin' you wouldn't do, yeah I give, you take I got news we're gonna break

Is it kickin' in Yeah, my nerves are raw And they're wearin' thin Is it kickin' in I know I've said it before You wanna play me again I'm not a freak show Ego kinda thing I can suck it up or spit you out So take your best swing I'm gunna jump right off of this sinkin' ship Are you feelin' me yet Is it kickin' in

One day you might discover that I used to care I'll be that speck in your rear view mirror The back that just won't scare, yeah Humm, oh well, too bad I'm the best you ever had

Is it kickin' in Yeah my nerves are raw And they're wearin' thin Is it kickin' in I know I've said it before You won't play me again I'm not a freak show Ego kinda thing I can suck it up or spit you out So take your best swing I'm gonna jump right off of this sinkin' ship Are you feelin me yet Is it kickin'. In

I give you take I got news we're gonna break Oh, well too bad I'm the best you ever had

Is it kickin' in I'm not gonna break I'm not gonna bend Is it kickin' in It's the same old lies So this is goodbye

Kickin' in Yeah, my nerves are raw And they're wearin' thin
