

Best Kept Man

Sheena Easton

He never spends a night alone, and what he spends is never his own

His suits are all silk, made exclusively
But that doesn't mean they come off easily

He's a girls best kept secret, girls best kept secret
He's the worlds best kept man, he's got a secret worth knowin'

Oh he's playin' make believe, he comes anytime you need
He lives on fine wine and escargot
He's a real problem.
You're Jackie O.

He's a girls best kept secret, girls best kept secret
He's the worlds best kept man
He's got a secret worth knowin', he's got a secret worth showin'
,

He's got a secret, he's got a secret
He's got a secret, he's got a secret worth knowin'

He's a girls best kept secret, a girls best kept secret
He's a girls best kept secret, a girls best kept secret
He's a girls best kept secret, a girls best kept secret
He's a girls best kept secret, a girls best kept secret
He's the worlds best kept man
