

# Something Good

Sheena Easton

I threw a rock  
As far as I could throw it  
Across my world  
Just to see where it would lead  
I lost sight  
When the sun got in my eyes  
But I saw diamonds  
Lookin' back at me  
I took it as a promise

More than I know  
Farther than the eye can see  
Something good is gonna find me  
I'll keep breaking ground  
The ups and downs are sure to lead  
To somethin' good  
Somethin' good

Turner my head  
High up toward the heavens  
And I tripped and fell  
That's not the way it's s'posed to be  
It could've stayed there  
It's easy once you're down  
And the one road back is long and full of doubts  
But I'm on my to figure it out

I breathe in  
Take another chance  
I'm out there on the line  
It gets a little easier each time  
It's a big world  
And as long as I'm in it  
I won't waste a precious minute  
Yeah, the sky is the limit

Deep breath, step to the edge and  
Take a chance jumpin' off the ledge then  
Out there is a line for you to  
Hold on tight you can fly if you want to big, long as I'm in it  
Don't waste another minute  
Don't waste, I won't waste it
