

# Too Much In Love

Sheena Easton

I've seen the ships go down  
Out on the sea of love  
Until you came around  
I thought I'd never rise above  
Cause "happy ever after"  
Was a disaster for me  
But now I see

I used to be so rude  
To cover up my wounded pride  
I've dropped the attitude  
And now my heart is open wide  
You made me a believer  
Now I'm down on my knees  
Oh baby please

[Chorus:]

I'm too much in love this time  
Nothing's gonna change my mind  
Baby it's for keeps  
I'm in too deep  
Boy there is no question  
This time I am too much in love  
Too much in love  
Too much in love  
I'm too much in love

You saw the softer side  
I never could reveal  
You didn't change my mind  
Boy boy you changed the way I feel  
Emotional commitment  
Lay it all on the line  
And it feels so fine

I didn't take the chance  
The chance has taken me  
There's no controlling love  
It's going where it's meant to be  
Mutual affection  
In the hands of fate  
And it's not too late

[Chorus]

I don't wanna lose control of my emotions  
But maybe that's what life's about  
And baby I'll never know till I let it out  
And I wanna shout

[Chorus]

Too much in love  
Too much in love  
I'm too much in love  
I'm too much in love this time  
Nothing's gonna change my mind

Baby it's for keeps  
I'm in too deep  
Boy there is no question  
This time I am too much in love  
Too much in love  
Too much in love  
I'm too much in love

[Chorus]
