

You Do It

Sheena Easton

You don't have to say you love me every day, you do it
You don't have to try to keep me satisfied, you do it

Look what you have done, you're the only one who can take me away

When you can't be mine, I spend all my time just waiting
Till you come back around, cos no one else I've found can do it
The way you do it to me when you love me
(I really do love the way that you do it)

When I need to feel the way I love to feel, you do it, yes you do it

And I can't live without the way that you know how to do it

Tell me what did I do right, to get you in my life, where I need you to stay

At times it almost seems, I stepped into a dream when you hold me

I guess I'm trying to say, can't do without the way you do it

The way you do it to me when you love me

(I really do love the way that you do it)

[repeats x2]

(You do it - I really do love the way that you do it)

You don't have to say you love me every day, you do it

(I really do love the way that you do it)

You don't have to try to keep me satisfied, you do it, yes you do

(I really do love the way that you do it) [to fade]
