

Hey Now Little Darlin'

Shelby Lynne

Hey now little darlin'
What ya gonna do when I ain't around
Hey now little darlin'
What ya gonna do when the sun goes down
Hey now little darlin'
What ya gonna do in the pourin' rain
Hey now little darlin'
What ya gonna do when you feel that pain

This time I ain't just talkin'
This time I'm really walkin'
Your love's the hurtin' kind
I'm movin' down the line
Down the line

Hey now little darlin'
What ya gonna do when I ain't around
Hey now little darlin'
What ya gonna do when the sun goes down

I'm tired of all your lyin'
I'm tired of all my cryin'
The one thing you do right is wrong
I've hung around far too long
Far too long

What ya gonna do when you feel that pain
What ya gonna do when you feel that pain

What ya gonna do when I ain't around
What ya gonna do when the sun goes down
What ya gonna do in the pourin' rain
What ya gonna do when you feel that pain
