

Song Of The Minerals

Shellac

eat yourself out of house and home
go home - there's nothing there because
you eat yourself out of house and home
throw up! do it again
eat a meal of nothing at all
why? it makes you feel better
it's the only thing in your life you own
it's all right if it makes you feel better
it's your arms, it's none of my business,
it's none of my business if it makes you feel better
he's fucking you, he's a total stranger
you picked him out but he's a total stranger!
why? it makes you feel better
it's none of my business if it makes you feel better
it's all right if it makes you feel better and...
it's all right if it makes you feel better...
