

Watch Song

Shellac

Hey man, I wanna have a fight with you
Regardless of my feelings on the subject
It appears that I am going to
Give up the fight and get about it
I paid more than anyone would advise for this watch
And so far I am disappointed in it
It beeps at me at noon and seven and five and I cannot turn
Off the piece of shit
Hey man hey!
Hey man I wanna have a fight with you.
And the way that you're behaving it's clear to me
You would like to have one too
So let's stop dancin'
And do what we both came here to do
Hey man hey!
Hey!
Hey man!
Hey man, hey hey!
Hey man, I wanna have a fight with you
And the way that you're behaving it's clear to me
You would like to have one too
