If you been on the run too long and it's time to let it be,
I'm going back to the neighbourhood where the love is always free.
There's a buzz in the air it's always there baby, even if you don't believe,
so don't you be scared cause I still have a little magic up my sleeve

(Oh oh oh ayy oh)
We don't have to journey too far
(Oh oh oh ayy oh)
Cause everything is right where we are.
(Oh oh oh ayy oh)
I've been around the world to know,
(Oh oh oh ayy oh)
We all need to be more barrio.
Be more barrio
Be more barrio

It doesn't matter where you've come from, and it doesn't matter what you've
seen,
You'll find a few who get through to you and give you what you need.
As long as you know that you're never alone, then you're learning how to fly
cause baby we're better and stronger together and together we'll touch the s
ky.

(Oh oh oh ayy oh)
We don't have to journey too far
(Oh oh oh ayy oh)
Cause everything is right where we are.
(Oh oh oh ayy oh)
I've been around the world to know,
(Oh oh oh ayy oh)
We all need to be more barrio.

I've been running for miles with my brother
And I been watching the tide with my lover
And I've been feeling the high with the others cause we all,
We all know where we belong.

(Oh oh oh ayy oh)
We don't have to journey too far
(Oh oh oh ayy oh)
Cause everything is right where we are.

(Oh oh oh ayy oh)
I've been around the world to know,
(Oh oh oh ayy oh)
We all need to be more barrio.
