Sheppard

Baby I could go a little bit crazy if the talk is true and you
will flaming
Cuz I don't wanna see
Maybe you just got a little bit lazy
But you've been acting unfamiliar lately
And give a reason to me
To now I found someone how really gives a fuck about hazy

Someone how really gives a fuck about they
Someone how really gives a fuck about they

Lately I've been drink like a '
When everything you say is 'there's nothign keeping e from the
door
Baby I ' well everything you've done'
To now I found someone how really gives a fuck about hazy
Someone how really gives a fuck about they
Someone how really gives a fuck about they
You know that eveythign is just say it 's crazy

I can see it through your eyes 'you think you're better than me
But does ever be a time when you make some compromise?
This town so I see you around

I found someone how really gives a fuck about me
Someone how really gives a fuck about me
Someone how really gives a fuck about me
To now I found someone how really gives a fuck about me
Someone how really gives a fuck about me
