

# In The Meantime

Sherrié Austin

Hmmm

Yeah, yeah

Jeannie had big plans  
A ballerina Broadway bound  
And that '87 Honda was gonna get her out of this town  
Caviar for breakfast  
A limo waiting every night  
White chiffon and black tie  
Her name up in the marquee lights  
Oh, how her star was gonna shine  
Oh, but in the meantime

Make the coffee, read the paper  
Late for work, dreams will wait 'till later  
Get the bills paid, buy the groceries  
No time to stop and smell the roses  
Ain't it funny, ain't it fine  
How life goes on in the meantime

Bobby had a fast ball  
Everybody talked about  
He made it to the minors  
Struck a hundred batters out  
But something in his elbow  
Gave out in the final game  
He had an operation  
But never threw quite the same  
Yeah, he'll be back when his arm is fine  
Yeah, but in the meantime

Make the coffee, read the paper  
Late for work, dreams will wait 'till later  
Get the bills paid, buy the groceries  
No time to stop and smell the roses  
Ain't it funny, ain't it fine  
How life goes on in the meantime

Now Jeannie takes the girls to dance class Wednesday afternoons  
And Bobby coaches little league  
Junior will be pitching soon  
Sometimes at night they laugh about old meant to be and might have beens  
But 6 o'clock comes early and it's time to start the day again

Make the coffee, read the paper  
Late for work, dreams will wait 'till later  
Get the bills paid, buy the groceries  
Take time to stop and smell the roses  
Ain't it funny, ain't it fine  
How life goes on  
Ain't it funny, ain't it fine  
How life goes on in the meantime

In the meantime  
Ooh, in the meantime  
Life goes on in the meantime  
Ain't it funny

In the meantime  
Hoah in the meantime
