

# Just Want To Love You Tonight

Sherrié Austin

I let your kiss  
Go as far as my lips  
If you don't mind  
Let's leave our hearts out of this  
I'll only let your touch  
Go as deep as my skin  
It's the best I got  
I gave the rest to him  
But I got just enough anger  
And I've had just enough wine  
To let you help me  
Love that boy right off of my mind

But don't be putting my name  
In a heart shaped tattoo  
Don't be telling your mama  
You finally found the girl for you  
Boy I need you to know  
Before you turn out the light  
I don't wanna love you forever  
I just wanna love you tonight  
I don't wanna love you forever  
I just wanna love you tonight

Let's get a little bit crazy  
Oh let's get a little bit wild  
I wanna feel the blood in my veins  
Just to know I'm alive  
Tomorrow I'll pay the price  
'Cause ain't nothing comes for free  
Oh no  
But right now  
I really don't care  
If I'm using you  
Or if you're using me

Yeah

Boy I need you to know  
Before you turn out the light  
I don't wanna love you forever  
I just wanna love you tonight  
I don't wanna love you forever  
I just wanna love you tonight  
I don't wanna love you forever  
I just wanna love you tonight  
Yeah tonight
