

# My Brilliant Mistake

Sherrié Austin

It was a happy accident  
The kind that absolutely makes no sense  
And if I'd listened to the crowd  
I wouldn't be with you right now  
But I couldn't leave well enough alone oh no, but oh

What a brilliant mistake  
A perfect blunder  
The kind that you make  
When love pulls you under  
A sweet twist of fate  
A thing of wonder  
My brilliant mistake

It was the wrond place  
The wrond time oh yeah  
But I've never seen a wrong turn out so right  
I was never very smart  
Concerning matters of the heart  
But when I went and fell for you and told you so and oh

What a brilliant mistake  
A perfect blunder  
The kind that you make  
When love pulls you under  
A sweet twist of fate  
A thing of wonder  
My brilliant mistake, oh yeah

The last thing I needed was a heartache  
But I let you kiss me baby and oh for heaven's sake

What a brilliant mistake  
A perfect blunder  
The kind that you make  
When love pulls you under  
A sweet twist of fate  
A thing of wonder  
My brilliant mistake oh yeah

My brilliant mistake  
A perfect blunder  
The kind that you make  
When love pulls you under  
A sweet twist of fate  
A thing of wonder  
My brilliant mistake

My brillaint mistake  
A perfect blunder  
The kind that you make  
When love pulls you under  
A sweet twist of fate  
A thing of wonder
