

Time Love & Money

Sherrié Austin

We want it all
We want it now
We move so fast
We can't slow down
We can't get off this merry-go-round

Everybody wants more time, love, & money
Never satisfied no matter how much
Cause even if we had more time, love, & money
It would never be enough
Everybody wants a peice of the action
But when you add the peices all up
Funny how that time love & money
It wouldn't be enough

We work our fingers to the bone
Computers, faxes, beepers, phones
We'll sleep the day we're dead and gone

Everybody wants more time, love, & money
Never satisfied no matter how much
Cause even if we had more time, love, & money
It would never be enough
Everybody wants a peice of the action
But when you add the peices all up
Funny how all that time, love, & money
It wouldn't be enough

On Sunday we kneel down and pray
Oh please forgive our selfish ways
Come Monday were back in the race

Everybody wants more time, love, & money
Never satisfied no matter how much
Cause even if we had more time, love, & money
It would never be enough
Everybody wants a peice of the action
But when you add the peices all up
Funny how all that time, love, & money
It wouldn't be enough

Funny how all that time, love, & money
Just wouldn't be enough
Wouldn't be enough
Wouldn't be enough
Noo
