

A Different Light

Sherwood

And there's a feeling in the morning
that i can get my stomach screams a warning
as my first thoughts are forming in my head
and i can lay between the covers
remember how i loved another
and postpone my slow recovery

but i can fall asleep tonight
if i can make it home by the daylight
when i recall the times that i was left alone
'cause in the glimmer of your eye
i begin to see myself in a different light

And there's a feeling in the morning
that i can get my stomach screams a warning
as my first thoughts are forming in my head
and they say, "whoa, baby, i gotta go..."
and i hate to let you know that this way."

but i can fall asleep tonight
if i can make it home by the daylight
when i recall the times that i was left alone
'cause in the glimmer of your eye
i begin to see myself in a different light

but i can fall asleep tonight
if i can make it home by the daylight
when i recall the times that i was left alone
'cause in the glimmer of your eye
i begin to see myself in a different light
whoa, oh oh oh...
