

Around You

Sherwood

I'm on the way home
I'm on the way home to you
So take off your makeup
Take off your makeup with you

'Cause we're gonna wake up
We're gonna wake up
The night is strange and new
'Cause love is soaking through

I wanna wake up
I wanna wake up to you
I wanna wake up
I wanna wake up to you

'Cause we're gonna wake up
We're gonna wake up
The night is strange and new
'Cause love is soaking through

And in a daze I'll run to you
And I will throw my arms around you

I'll throw (I'll throw my arms)
My arms
I'll throw (I'll throw my arms)
My arms
I'll throw (I'll throw my arms)
My arms around you
