

# Give Up!

Sherwood

We've got nothing more from selling our clothes to the corner store  
And our bags are locked so we can leave tonight for the war  
Oh, I've got a nervous tick  
And seeing them go got me feeling sick  
Well it's do or die, no taking sides anymore

And we're not the least afraid of the coming storm  
Cause we've got the sound and sunshine to keep us warm

So give up, give up, give up what you're after  
The day is gone and you've wasted all your time  
(Give up, give up, give up)  
But we've got to keep moving farther down the road that you left behind  
(Oh and I'm so far behind)

We've got nothing more from selling our clothes to the corner store  
And our bags are locked so we can leave tonight for the war

We're not the least afraid of the coming storm  
Cause we've got the sound and sunshine to keep us warm

So give up, give up, give up what you're after  
The day is gone and you've wasted all your time  
(Give up, give up, give up)  
But we've got to keep moving farther down the road that you left behind  
Give up, give up, give up what you're after  
The day is gone and you've wasted all your time  
(Give up, give up, give up)  
But we've got to keep moving and I'll be proud to call you a friend of mine

All this time I've been trying to find a way  
To close this chapter but nothing ever stays away  
It all keeps building, the things that I would say to you

So give up, give up, give up what you're after  
The day is gone and you've wasted all your time  
(Give up, give up, give up)  
But we've got to keep moving farther down the road that you left behind  
Give up, give up, give up what you're after  
The day is gone and you've wasted all your time  
(Give up, give up, give up)  
But we've got to keep moving and I'll be proud to call you a friend of mine

Give up, give up, give up  
And I'll be proud to call you a friend of mine  
Give up, give up, give up  
And I'll be proud to call you a friend of mine
