I Know Why

Sheryl Crow

They say love keeps on growing It's the one thing that I've felt I've always known Cause it wouldn't matter where you're going Cause where you are is where I wanna go

I know why the heart gets lonely Every time you give your love away And if you think that you are only A shadow in the wind Rolling round but when you go and let somebody in They might fade away

Tell me why the road keeps turning When everything you want is straight ahead And every thing I thought worth learning Is forgotten when I see your face instead

I know why the heart gets lonely Every time you give your love away And if you think that you are only A shadow in the wind Rolling round but when you go and let somebody in They might fade away

All you say is so overrated Holding on to yesterday Along the way, it can get too complicated to say

I know why the heart gets lonely Every time you give your love away And if you think that you are only A shadow in the wind You better think again

I know why the heart gets lonely Every time you give your love away And if you think that you are only Flowers in the wind Blowin' round the wind You let somebody in they might fade away

Fade away...
