

Light in Your Eyes

Sheryl Crow

Something is happening
Everything's different but everything is fine yeah
This is the good stuff
Yesterday's only what you leave behind
It's only in your mind

You gotta talk to the One who made you
Talk to the One who understands
Talk to the One who gave you
All the light in your eyes
All the light in your eyes

No use pretending
You never existed until you saw the light yeah
You're just beginning
You haven't missed it-it's all ahead of you
And you know what to do

You gotta talk to the One who made you
Talk to the One who understands
Talk to the One who gave you
All the light in your eyes
All the light in your eyes

Here comes the world and she is beautifully mysterious
She's got it all and you say "Give it to me"

Nobody's happy
That's not the world I know inside
Where everybody hides

You gotta talk to the One who made you
Talk to the One who understands
Talk to the One who gave you
All the light in your eyes

You gotta talk to the One who loves you
Talk to the One who understands
Talk to the One who gave you
All the light in your eyes
All the light in your eyes

Yeah, thank you thank you!
Yeah, everything great and small
Yeah, thank you thank you
For the light in your eyes

Yeah, thank you thank you!
Yeah, everything great and small
Yeah, thank you thank you
For the light in your eyes
For the light in your eyes
